PROFILE

Third-year Information Technology undergraduate at SLIIT with a strong interest in **Quality Assurance Engineering** and **Software Testing**. Skilled in **Manual Testing**, **API Testing**, **Test Case Design**, **Bug Reporting**, and **Test Automation using Playwright**. Familiar with **SDLC**, **STLC**, **Agile Methodologies**, **REST APIs**, and **Database Testing**. Experienced in validating web applications through academic, personal, and real-world projects. Seeking a **Quality Assurance Internship** to apply testing skills and contribute to delivering high-quality software solutions.

EDUCATION

Sri Lanka Institute of Information Technology (SLIIT) — GPA: 3.44	Malabe, Sri Lanka
<i>BSc (Hons) in Information Technology Specializing in Information Technology</i>	2023 – Present
Vocational Training Authority, Sri Lanka	2022
<i>NVQ Level 4 in Information Communication Technology</i>	
GCE Advanced Level – Art Stream	2021
GCE Ordinary Level	2017

EXPERIENCE

Bank of Ceylon (BOC) – Akuressa Branch	Akuressa, Sri Lanka
<i>Trainee – Job Skills Development Program</i>	Aug 2022 – Feb 2023
- Supported customer service and administrative operations during a 6-month internship at Bank of Ceylon. - Assisted with documentation, record management, and customer inquiries while maintaining accuracy and confidentiality. - Collaborated with branch staff to support daily banking operations and customer-facing activities.	

PROJECTS

Singlish-to-Sinhala Translation System Testing Python, Playwright, Excel	2026
- Developed an automated testing solution using Playwright and Python to validate translation accuracy. - Executed test cases from Excel files and automatically generated PASS/FAIL reports. - Performed negative testing and result validation against expected outputs.	
Uni Serve – Canteen Pre-Order & Crowd Control System MERN Stack, Playwright, Postman	2026
- Performed manual testing for user registration, ordering, crowd management, and payment workflows. - Conducted API testing using Postman and automated UI testing using Playwright. - Reported defects and validated fixes across multiple application modules.	
Campus Core Hub – Smart Campus Operation Hub Spring Boot, React, Postman	2026
- Tested authentication, booking management, and notification modules. - Validated REST APIs using Postman and verified role-based access control functionalities. - Performed manual testing of academic and administrative workflows. - Created test scenarios, executed test cases, and documented defects.	

TECHNICAL SKILLS

Testing: Manual Testing, Functional Testing, Regression Testing, UI Testing, API Testing, Test Case Design, Test Execution, Bug Reporting
Automation Tools: Playwright, Postman
Programming Languages: Java, JavaScript, SQL, Kotlin, C, C++
Databases: MySQL, MongoDB, Oracle Database
Tools & Platforms: GitHub, VS Code, Eclipse, Android Studio, Figma, Apache Tomcat
Concepts: SDLC, STLC, Agile Methodology, REST APIs, JWT Authentication, MVC Architecture

SOFT SKILLS

Attention to Detail, Analytical Thinking, Communication, Defect Analysis, Team Collaboration, Organization

CERTIFICATIONS

Full-Stack Web Development (MERN) – Skyrek
MongoDB Node.js Developer Path – MongoDB
Figma Certificate Course – DP Education IT Campus
Web Designing for Beginners – University of Moratuwa
Python for Beginners – University of Moratuwa
Introduction to C Programming – Sololearn

LANGUAGES

English: Fluent
Sinhala: Native
